WEDDING IDEAS MAGAZINE ISSUE 65 – FEBRUARY 2009 EDITION

Pink and Blue were delighted for the thank you card matching our 'Grosvenor Square' design to be showcased in Wedding Ideas February 2009 'Fabulous thank you's' feature.

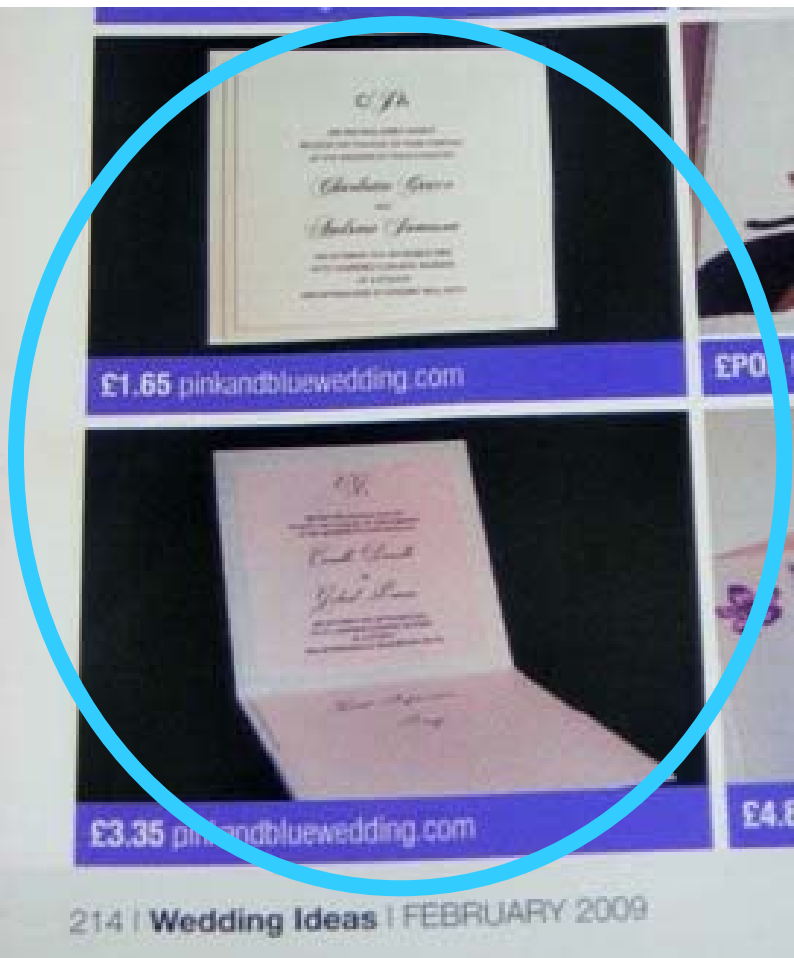

Grosvenor Square was given a 'JUST GORGEOUS' commendation...praise indeed!

Grosvenor Square features a beautiful monogram made up of the initials of the couples' first names and the initial of their new surname.

This monogram is carried through the entire range and each matching item is personalised with this same monogram.

As shown in Wedding Ideas the monogram is incorporated into a 'thank you' card.

Pink and Blue also featured in the 'Spectacular Invitations Feature' in the February edition of Wedding Ideas Magazine. Here, not one but TWO of our designs were featured!

The two designs featured were 'Grosvenor Square' Pocketfold and 'Versailles' Pocketfold.

Grosvenor Square is a hugely popular design, with the invitation personalised with the couples' monogram it is easy to see why.....and Wedding Ideas obviously agree ...Grosvenor Square featured twice in one edition!

Versailles is a classic and its timeless good looks and again monogram make it a popular choice for couples who want a formal invitation that will wow their guests. Versailles uses an adorable damask textured card which compliments the formal script perfectly.

We are very proud to be featured in the 'Spectacular Invitations' feature – we love these two designs and it's nice to know that others agree!
